HISTORY & ART

Le Negresco was built in 1913 by Henri Negrescu, who dreamed of creating an exceptional venue to host his guests. But its unique style arose from the unmatched passion for art and history of Mrs Jeanne Augier, the famous owner of the establishment since 1957. Guided by her desire to create a mansion in truly French style, Mrs Augier amassed a stunning collection of more than 6,000 works of art that express her fascination with France and its history. Thus, the ambience of Le Negresco was defined – a place of beauty, elegance, sharing and commitment. Today, Le Negresco is a living legend amongst French hotels, where everything is done to make dreams come true.
